Dear Krzysztof

Further to your visit to Great Orme Mines on the 5<sup>th</sup> November I would like to thank you all for the fantastic performance you gave at the end of your tour. It was an amazing finale to our season as you visited us on our last day before we closed for our winter excavation programme.

It is always interesting for us to have visitors with similar interests to us. It's amazing to think that over 4,000 years after people started mining for copper on the Great Orme this metal still has an importance in our everyday lives. Many thanks for sharing your pictures and videos of your tour with us.

I hope you all enjoyed your visit to North Wales.

Kind Regards

Yours sincerely

Nick Jowett
